Dear Agostinho and Ivana,

**STUDENT EXCHANGE PROGRAMMES – INTERNATIONAL FEDERATION OF MEDICAL STUDENTS' ASSOCIATIONS (IFMSA)**

Thank you for your e-mail of 16<sup>th</sup> February 2015 requesting WONCA's support for the IFMSA student exchange programmes.

WONCA encourages international exchanges of medical students and young doctors and believes that they offer a real opportunity to learn more about global health. WONCA values our relationship with IFMSA and fully supports the IFMSA exchange programme, which WONCA believes affords students a chance to experience new health settings, with clear academic aims and objectives. The WONCA Executive is happy to offer ongoing support to this programme.

With our best regards.

Dr Garth Manning  
Chief Executive Officer
